PLAY IN THE REAL WORLD

**Specifications of XLR8R Electric Go Kart for Kids (8-18)
XLR8R Speedster – The Race Zone**

Excellent handling performance, fast response and more stable cornering

The minimum turning radius is only 1.6m, and it can pass smoothly on narrow tracks.

Dual-mode battery life, double the fun time

The battery is arranged in the rear compartment of the vehicle body, and it also has the functions of in-line charging at the rear and quick power change.

In-line charging
In-line charging

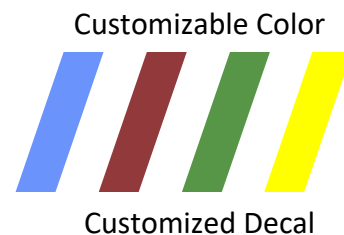

Quick power change
Open the battery compartment at the rear and quickly
